INDEPENDENT AUDITOR'S REPORT

To the Unitholders of "AMUNDI-ACBA ASSET MANAGEMENT" CJSC Conservative Pension Fund:

Opinion

We have audited the accompanying financial statements of "AMUNDI-ACBA ASSET MANAGEMENT" CJSC Conservative Pension Fund (the "Fund"), which comprise the balance sheet as at December 31, 2019, the off balance sheet as at December 31, 2019, and the income statement for the year then ended, and a summary of significant accounting rules and methods and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at December 31, 2019, and its financial performance for the year then ended in accordance with French Generally Accepted Accounting Principles.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (the "IESBA Code") and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with French Generally Accepted Accounting Principles and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Srbuhi Hakobyan Executive Director

Arpine Ghevondyan Audit Director

Jean Mazedjian Pension Fund Manager's Executive Officer

Notes to Financial Statements for the Year Ended December 31, 2019

1. Accounting rules and methods

The annual financial statements are prepared in accordance with French Generally Accepted Accounting Principles (French GAAP). The annual financial statements are presented as provided by the ANC Regulation 2014-01 repealing Regulation CRC 2003-02 as amended.

The following General accounting principles apply, viz.:

- fair picture, comparability, ongoing business,
- proper practice & trustworthiness,
- prudence,
- no unreported change in methods from one period to the next.

Revenues from fixed-yield securities are recognized on the basis of interest actually received. Acquisitions and disposals of securities are recognized at cost.

The accounting currency of the portfolio is the ARMENIAN DRAM (AMD). Percentage holding and positions in the financial statements are presented as percentage to net assets as at reporting date (%). The accounting period reported on is the year ended December 31, 2019.

The Manager of the Fund is "AMUNDI-ACBA ASSET MANAGEMENT" CJSC. The Fund administration is carried out by CACEIS Fund Administration. The custodian and the registrar of participants is the Central Depository of Armenia OJSC.

The Fund is a pension fund managed by independent professional asset managers until the proceeds are paid out to participants in the form of pension benefits once participants reach retirement age. The Fund participants are the owners of the pension funds assets.

The Fund invests in high-quality Armenian and foreign securities, with foreign currency investments being limited to 40% of Fund's assets. The objective of the Fund is the long-term stable growth in asset value by investing up to 25% of its assets in equities, equity funds and equity-equivalent instruments, while the remainder of which in bonds, bond funds, money market instruments, deposits and other assets. Target group is pension savers with moderate risk tolerance.

Asset valuation rules. Financial instruments are initially recognized at historic cost and carried on the Balance Sheet at their current value: this is their latest known market value or, in the absence of a market, is determined by any external means or by recourse to financial models.

Differences between the securities' current values determined as above and their original historic cost are recognized in the accounts as "differences on estimation". Transactions with securities are recorded at trade date.

Securities denominated in a currency other than that of the portfolio are valued in accordance with the above principle and then converted into the currency of the portfolio at the exchange rate obtained on the valuation date.

Deposits and financial accounts. Deposits are valued according to the linear method. Cash and cash equivalents comprise cash at banks.

Equities, bonds and other securities traded in a regulated market or equivalent. The equities and other securities traded in a regulated market or equivalent are valued based on the day's closing market price.

Bonds and similar securities are valued at the closing price notified by various financial service providers. In the absence of a transaction on the closing day, securities are valued at the average bid and ask prices notified by the financial service provider. Interest accrued on bonds and similar securities is calculated up to the date of asset valuation.

Equities, bonds and other securities not traded in a regulated market or equivalent. Securities not traded in a regulated market are valued by the Fund Manager using methods based on net equity and yield, taking into account the prices retained in significant recent transactions.

Notes to Financial Statements for the Year Ended December 31, 2019 (continued)

Negotiable credit instruments (Notes). Negotiable credit instruments, which are not actively traded in significant amounts, are actuarially valued on the basis of a reference rate as specified below, plus any enhancement to represent the issuer's intrinsic characteristics:

Notes maturing in one year's time or less: euro interbank offered rate (Euribor);

Notes maturing in more than one year's time: the prevailing rate on medium-term interestbearing Treasury notes or, for the longest Notes (BTAN), on near-term fungible Treasury bonds (OAT);

Negotiable credit instruments maturing in three months or sooner may be valued according to the linear method.

Armenian Treasury notes are valued using the market rate published daily by the Central Bank of Armenia.

UCITS held. UCITS (undertakings for the collective investment of transferable securities) units or shares are valued at the latest known NAV.

Temporary transactions in securities. Securities held under sell-back deals are carried in Assets under "credits for securities held under sell-back deals" at the amount provided for in the contract, plus accrued interest receivable.

Securities sold under buy-back deals are booked to the buying portfolio at their current value. The corresponding debt is booked to the selling portfolio at the value set in the contract plus accrued interest payable.

Loaned securities are valued at their current value and carried in Assets under "credits for loaned securities" at their current value plus accrued interest receivable.

Borrowed securities are carried in Assets under "borrowed securities" at the amount provided for in the contract, and in Liabilities under "debts for borrowed securities" at the amount provided for in the contract plus accrued interest payable.

Hedges

Hedges traded in a regulated market or equivalent:

Hedge instruments traded in regulated markets are valued at the day's settlement price.

Hedges not traded in a regulated market or equivalent:

Swaps. Rate swaps and/or forward currency transactions are valued at their market value according to the price calculated by discounting future interest streams at market interest (and/or exchange) rates. This price is adjusted for default risk.

Index swaps are valued actuarially on the basis of a reference rate provided by the counterparty.

Other swaps are valued at their market value or are estimated as specified by the Fund Manager.

Off-Balance Sheet Commitments. Firm hedging contracts are stated among "Off-Balance Sheet Commitments" at their market value at the rate used in the portfolio. Conditional hedges are converted into their underlying equivalents.

Swap commitments are stated at their nominal value or at an equivalent amount, where there is no nominal value.

Management fees. Management fees are calculated at 1.1% per annum, including any applicable taxes, on the net asset value of the Fund on a daily basis. These fees are imputed to the fund's Income Statement. Management fees are paid in full to the Fund Manager, which bears all the fund's operating costs, except for audit fees and guarantee fund payments. The management fees do not include dealing costs. In the financial statements audit and guarantee fund fees are presented as part of management fees.

Allocation of net profit. The net profit (loss) for the period is the total of interest, arrears, premiums, allotments and dividends, plus income on ready cash, minus management fees and financial dealing

Notes to Financial Statements for the Year Ended December 31, 2019 (continued)

costs. Latent or realized capital gains or losses are not counted as revenue; nor are subscription/redemption fees.

The amounts available for distribution are the net profit for the period, plus any sums brought forward, plus or minus the balance of any revenue adjustment accounts relating to the financial period in question.

Equalization of units issued during the period

Revenue adjustment. All holders should receive the same per unit distributable income, whatever the date of their subscription. A corrective mechanism, recorded in the account "Revenue adjustment" neutralizes the effect of subscriptions and redemptions on income per unit. At each calculation of net asset value, the Fund determines distributable income. The unit performance is not affected by the subscriptions and redemptions. The revenue adjustment mechanism ensures neutrality of subscriptions and redemptions on the distributable income per unit.

Gains and losses. The net realized gains (deducted from management fees and realized losses) from the financial year will increase the same type of net realized gains from earlier financial years, if the fund hasn't distributed or accumulated its gains and will also increase or reduce the equalization accounts for realized gains.

All income generated by the Fund's assets, including, but not limited to: realized general capital gains, fixed income securities' interest payments. etc., shall be reinvested in the Fund. No distributions are expected.

Subscription and redemptions of units. Issuance and redemption of fund units is carried out based on the last available net assets value per unit as of the date of issuance and redemption. No charges or fees are made for issuance of units. Redemption fees are born by the applicant and vary from 0% to up to 2% depending on the type of the redemption transaction and are stipulated by the Fund Rules and applicable legislation of the Republic of Armenia.
